We would like to know how to proceed if your pet develops one of the more common medical problems that can arise while boarding. Our primary concern is ensuring your pet’s comfort and his/her ability to receive rapid medical treatment should problems occur. Muddy Creek does not provide veterinary services for ferrets at this time. Therefore your pet will be transported to another facility should medical services be required.

**Common Boarding Ailments**

No stool production	Lethargy	Persistent lack of appetite	Salivation
Stress colitis (diarrhea)	Persistent vomiting	Seizures	

Muddy Creek Animal Care Center will transport my pet for the above conditions or any urgent medical issue (as deemed by our boarding staff), should they occur. I realize that Muddy Creek does not provide veterinary services for ferrets. I assume full financial responsibility for medical services provided. A Muddy Creek attendant will transport a pet to a veterinary office located within ten miles of Muddy Creek.
