

DOG TRAINING CHECKLIST

Is your puppy or dog ready for class? Here is a checklist to ensure you are ready to start training class with your dog!

- My puppy or dog is up to date on all required vaccines recommended for their age. These include: Rabies, Distemper, Parvo, Influenza and Bordatella (kennel cough). Muddy Creek must have proof of these vaccines one week prior to class start.
- My puppy or dog has had their stool tested for parasites within the last year and the results have been negative. Muddy Creek must have proof of this one week prior to class start.
- I have submitted payment along with a completed dog training registration form (can be downloaded at www.muddycreekanimalcare.com to Muddy Creek one week prior to class start.
- I have submitted payment to Muddy Creek Animal Care Center.
- I realize there are supplies needed for class which can be purchased at Muddy Creek Animal Care Center. The basic supplies needed are a standard leash and collar, pea sized treats; treat pouch, 20 foot long lead and a clicker (optional).
